**NOTES:**

The competition will be a Round Robin with the winner awarded 1 point for each game won.

Each game will consist of 14 ends.

In the event of a tie after 14 ends of play, the winner of the next end wins the game.

In the event of a tie at the end of the Game 3, the highest number of total ends won will be used to break any tie. If a tie remains after this, then the highest total number of points will determine the winners and runners-up within the 2 groups.

Game 4 will determine the winners of the competition using highest percentage scores from each. In the event the percentages are equal, the highest number of total ends won will be used to break any tie. If a tie remains after this, then the highest total number of points will determine the winners of the competition.

Dress for all games will be whites.
